### THE SCHOOL

The LFID is a state school, founded in 1977 as the French School Colette. It became the **French International School Marguerite Duras** in 2010.

Today in 2021, the school has 1210 students, all taught on the new Long Binh campus. The school offers a French Stream and a British International Section, all under the supervision of a whole-school Headmaster.

The LFID has strong academic standards and employs highly qualified teachers and staff.

The LFID is linked by convention to the Agency for French Education Abroad (AEFE), a national administrative body. This convention guarantees that the French curriculum is taught according to the French Ministry of Education guidelines, and is an official exam center for the French national examinations (*Brevet and Baccalaureate*).

### THE BRITISH INTERNATIONAL SECTION / OIB

*(Option Internationale du Baccalauréat)*

The British International Section is a bilingual and bicultural education.

It combines the traditional French curriculum with the British curriculum.

High-level Language-Literature and History-Geography classes are added to all regular subjects from the French curriculum.

It offers a **British** pedagogical approach to literature and history geography.

It is a challenging stream requiring academic ability and as well as motivation and commitment from students and families.

At the end of the final year, OIB Students take extra examinations in Literature and History / Geography, examined in English. Many go to anglophone universities.

### THE FRENCH STREAM

The French Stream follows the programme of the French ministry of Education. The secondary school prepares the students for the **DNB in 3e** (*Diplôme National du Brevet*), and the **French Baccalaureate in Terminale**.

The school offers many foreign languages: English, Chinese, Spanish and Vietnamese.

Students can also choose from a wide choice of options: Arts, Music, Latin and Drama.

In **Premiere**, Students can choose from 7 different majors :

- Mathematics
- Physics and Chemistry
- Biology
- Social and Economic Sciences
- History-Geography, Geopolitics and Political Sciences
- Humanities, Literature and Philosophy
- Foreign Language, Literature and Civilization
- Digital Technology and Computer science
